Craig Watson
Director
AFSL Responsible Manager

"We are happy to share that we've been working with Distribution One for several years and couldn't be happier with the relationship.

Their team is highly skilled and knowledgeable in all areas of managed print solutions.

They have a great attention to detail and are always willing to go above and beyond to make sure that our print fleet is continuously supported at the highest standard.

Communication is also very good, always keeping us informed of progress on any issues that may arise.

I highly recommend Distribution One to anyone looking for a personalised and reliable print solution."
